

TDP

Outdoor Furniture made from Recycled Plastic

www.tdp.co.uk

Quality products made from recycled plastic waste

TDP have always majored on products that have high environmental attributes and a few years ago started selling a small range of furniture items made from recycled plastic. It soon became apparent that there was a requirement for long lasting, durable furniture.

From these small beginnings, TDP now aim to bring you a wide range of useful products made from recycled plastic. Whilst this extensive range has the highest environmental credentials, manufactured using recycled plastic waste that would have been destined for landfill, the first priority was to produce products that are 'fit-for-purpose', designed and manufactured to the highest standards and where possible outperform more traditional materials.

From a child's picnic table to memorial benches to decking, fencing, play equipment and planters, the range is expanding every month and we enjoy designing new products and finding new uses for this very versatile material. You can even make your own products using our wide range of planks and profiles.

Quality assurance

TDP hold ISO 9001 2008 accreditation and all products manufactured in our Derbyshire factory are hand built and checked for quality and safety before despatch.

Getting in touch

For sales and enquiries you can reach us on:

- Telephone: **01629 820011**
- Fax: **01629 820022**
- Email: **info@tdp.co.uk**
- For more information:
- Website: **www.tdp.co.uk**

Products & Ordering

New products are being added on a regular basis so a visit to our website is always a good idea.

You can place orders by calling us on the above telephone number, via our website www.tdp.co.uk, or indeed in person. You are welcome to visit us, but as we make all of our items to order it is best to call first to see what we have on the day you would like to visit.

We make our furniture to order and normally this takes about 3 weeks. Any bespoke items that we are asked to produce may take longer.

Pricing & Delivery

If you do not have our price list then please call us or visit our website www.tdp.co.uk to see prices.

Recycled plastic products are heavier than wooden ones. Because of this we deliver on pallets. Current delivery charges are shown on our price list or website. If more than one item is ordered we aim to minimise the delivery cost by placing as many items as possible safely on a pallet.

TDP's factory in Derbyshire

A large order of picnic tables and benches ready for dispatch

Seats & Benches

The seats and benches range has been designed to meet the most demanding of outdoor applications and are ideally suited to parks, leisure and sports facilities, hotels, pubs and schools. Unlike traditional materials such as wood, they are tough, durable, vandal resistant and maintenance free.

By purchasing from TDP Limited it is assumed that the customer agrees to all terms and conditions.

Delivery:

Kerbside delivery only.

We contract our haulage out to professional third party companies throughout England, Wales and Scotland (mainland only) therefore we are unable to fix delivery timeslots.

Please ensure that someone with the authority to accept the goods is available all day on the day of delivery and that they are capable of assisting the driver in offloading the goods when they arrive. They will need to be capable of lifting heavy items. In the event that such a person is not present when the delivery vehicle arrives goods will be returned to our premises and a charge will apply. Products are typically delivered palletised on a curtain sided 7.5 ton truck (no crane) so will need to be unloaded by hand. Kerbside means we do not site our goods at your home, we simply deliver to the front of your property closest to the public highway.

Any damaged/broken parts must be noted on the delivery note and reported immediately to TDP's sales office on 01629 820011

If items are missing this must be noted on the delivery note and we will then deliver them within a reasonable timeframe, this is not grounds for refusing delivery or cancelling an order.

Our Drivers are not authorised to accept changes to our Delivery Notes or our Terms & Conditions or give technical help.

Every attempt will be made to ensure delivery is upon the promised date, however unexpected delays can occur. In the unlikely event that these affect your delivery, we will reorganise your delivery date within a reasonable period of time.

Your Right to Return:

Customers who order by telephone, mail order or on-line have the right to return any order (excluding any bespoke, made to order, or one off items). This right to return extends for 7 working days after the items have been delivered.

If the customer makes any alterations they will be deemed to have been accepted and not subject to return.

The goods must be returned in their original condition as at the time of delivery.

Returned goods will be inspected and refunds will take place within a reasonable time after the items have been returned.

Refunds may be subject to a fee covering any reasonable costs incurred by the Company, such as attempted delivery costs in the case of any failed delivery attempts which were the fault of the customer, cost of items not returned in original condition, etc.

Should you wish for us to collect the goods, any collections will take place from Kerbside with reasonable access granted to the Company and a charge will be made to the customer to cover the cost of this, this charge will reflect the true cost of collecting the goods.

You can also make your own arrangements, should you wish, to return the Goods at your own cost and risk. A 'Sales Return Note' must be issued for this method of return. Your statutory rights are not affected.

Should you wish to return the order then care has to be exercised to protect the standard of goods delivered until such return. TDP do not accept liability for goods returned damaged in transit.

Rectifying defects

Should any defect occur with the product within 12 months after delivery please contact us in writing, either by post to Customer Services, TDP Ltd. Derby Road, Wirksworth, DE4 4BG, or email to info@tdp.co.uk

We will request photos of any such defect to determine its cause prior to rectification.

Where the defect is deemed to be the customers fault for any reason, poor maintenance or misuse of product, any rectification will be chargeable to the customer.

Should a defect occur which is the fault of the Company, the Company will at its discretion decide whether it is more economical to replace, repair or refund, at our cost.

If you do not give us a reasonable opportunity to rectify any defect we will not reimburse you if you choose to rectify it yourself or with a third party.

Brochure images are a representation of our products. Recycled material cannot be consistently produced the same due to the differing waste material streams, therefore, colours may vary, although every effort is made to mix the waste material during the manufacturing process, there may be visible signs of varying materials within the finished product.

For more information or to order please contact:

TDP Limited, Derby Road, Wirksworth, Derbyshire DE4 4BG Tel: **01629 820011** email: info@tdp.co.uk www.tdp.co.uk
